

Flipgrid Tip Sheet for Nebraska Robotics Expo

Topics Select the sprint and by grade level for your submission.

Submission Should be Titled:
Name your video using the following pattern:
School_Teacher_Your first Name_Grade
Example: Marrs_Smith_Trayveon_5

Additional Help Can be Found:
<https://info.flipgrid.com/>

The screenshot shows the Flipgrid interface for the Nebraska Robotics Expo 2021. At the top, there's a header with the Flipgrid logo and the event title. Below that, there's a topic card for 'Virtual Scavenger Hunt K-2' with a 'Record a Response' button and '0 Responses'. The topic card includes instructions for video submission, reflection questions, and documentation requirements. A 'Record a Response' button is highlighted with a red box, and the '0 Responses' section is highlighted with a green box.

Directions
Reread the directions or prompts for each sprint.

Record a Response
Click here to submit your response. You may record on Flipgrid or upload a video file.

Response View other submissions to connect with other participants.

Flipgrid Tips

- Record in a quiet place away from other noise
- Remove distractions from the background
- Pause the video as needed
 - Flip or adjust the camera
 - Record robot in action
 - Take close up pictures
- Review your completed submission, before clicking done

Time Limits

- **K-2** 90 seconds
- **3-5** 3 minutes
- **6-8** 3 minutes, except 5 minutes for Build a Robot
- **9-12** 3 minutes, except 5 minutes for Build a Robot

Video submitted!
Your video will be hidden until approved by your educator.

All responses are moderated and will not be visible until a reviewer has viewed the video.
